SOUTHERN Commercial College, AND WRITING INSTITUTE.

THE first term of this College will commence on MONDAY, Feb. 13, in the large and spacious room in Cooper's block, on Cherry street, five doors above Deaderick The course of instruction in this institution will embrace ok-Keeping, Commercial Law, Commercial Arithmetic and Penmanship.

No pupil will receive a diploma until he is thoroughly

pusitied to discharge the duties of the accountant.
Students will be instructed in all the modern improved forms adopted by the best regulated houses in the country, among others one which dispenses with the use of the Journal, greatly lessening the amount of labor and Hability to err, and another which renders the use of the Cash book and Journal superfluous, and enables the book-keeper to post his personal accounts daily, and his merchandise and cash as often as may suit his convenience.

This latter form as more particularly designed for the use of retail establishments.

They will be taught a simple process by which the merchant may at all times ascertain the amount of his loss or gain, together with the quantity of goods on hand, without sorting to the tedious process of taking an inventory This institution will be permanent, and has been estab-fished to meet the already important and growing com-mercial interests of the city of Nashville and State of Ten-nessee, and it is designed to place it upon a basis inferior to none in this country.

The importance, to every business man, of a knowledge of accounts, must be sufficiently obvious to all reflecting minds.

To the man of wealth, it is important to enable him to napage his affairs scientifically, and without pecuniary loss and the Lawyer is often called upon, in the discharge of his professional duties, to unrave: the most intricate accounts, but to the young man who depends upon his own resources for a livelihood, it is invaluable. It gives him a osition which nothing else can.

He holds the post of confidential clerk in his employers, ervice. In connection with this establishment is a department for the benealt of those who wish to take lessons in writing only, where an elegant hand writing will be imported to all who place themselves under the care of the pieceplor. Pupils entering this institution are not limited to say number of lessons, but for a specified price may continue any branch they pursue until they are perfected, retaining the privilege of reviewing their lessons at any subsequent iod, free of charge.
